**NRICHED BY THE  
AFFABLE MANNER OF  
DR. OSCAR G. DARLINGTON**

## DEDICATION

If I were not his son, I would tell stories of him as one of the finest men I know. This tribute by his son, William, tells us the stories we fight for a man whose efforts, abilities, and generosity have helped make Ohio Northern a finer institution. —Dr. Owen G. Derfingher

As Dean of the College of Liberal Arts for 10 years, Dr. Derfingher graduated us with both friends and enemies, a unique combination. Here, as Professor of History, his personal impact in his classes coupled with his non-academic has brought us to regard him as a great friend as well as a fine public scholar.

A man of wide ranging interests in music, art, history, and politics, Dr. Derfingher unashamedly admits that his sons

children are his chief interest. And the warm concern given to his family groups the greatest tribute paid by his son, a tribute which we sorely echo.

Too often, when we talk of a man's place in the universe, we merely look statistics. For the statistic readers among us Dr. Derfingher came to Ohio Northern University in 1952. Sure that he has held the position of Dean of the College of Liberal Arts and Professor of History. However, he more than that put a personal account of his presence, viz, the class of 1967, respectfully dedicates our yearbook to Dr. Owen G. Derfingher, administrator, scholar, teacher, and friend.

As we look back at Ohio Veterans, we'll be surprised to find that we vaguely remember most of our friends but quite vividly remember the buildings in which we were injured. These structures will be the agency through which we will associate these friends that we vaguely remember with the good times we had.

The institute was held on the campus of Ohio Northern University under the sponsorship of the Cas Foundation of New York City, Mr. Edward Kennedy of New York City, and Ohio Northern University. The purpose of the Institute was to improve the understanding of our American Heritage on the part of those teachers most immediately concerned with teaching it to high school pupils. It is a purpose of the Institute to recognize and reward creative teaching, to stimulate new interest in it and enhance professional spirit and competence.

Twenty-five selected high school teachers of English, History, and Social Studies were named as the fellows of the Institute.

## C.B.O.G.

The *Columbia* Center Board of Governors is the student governing body of Center Activities. CBOG's functions include promoting student opinion, recommending, and doing during the school year.

Composed of 15 committees and a staff of officers which meets with the executive chairman, CBOG provides guidelines for full use of the facilities by the students, faculty administration, and staff of the University. Pat Davis, Program Director of the Center, served as adviser and secretary to the group.

## Men's Judicial Board

The Men's Judicial Board was established through the efforts of a past student body committee during the academic year 1955-1956 and began its official duty at the beginning of the fall Quarter 1956. The Board consists of nine student representatives from each college and member-at-large, and one faculty adviser. The function of this governing body is to administer those cases involving non-academic matters of University regulations by male students.

## Association of Women Students

Representing all resident women students (AWS) is the women's governing body at CMU. Working closely with the Dean of Women and based on the constitution, judicial and legislative boards of the organization have become an active and integral part in the life of the women students. Right standing committees coordinate academic, social, cultural and service projects. The committees are responsible for such annual activities as the fall tea for new women students, scholarship awards for each dorm, and Glamour magazine's bed-dressed college girl contest.

## Advisory Council on Religious Affairs

ACRA, formerly known as Religious Activities Council, is composed of representatives from various denominational groups active on campus. American, Presbyterian, Methodist, and faculty. Its purpose has been to channel student and faculty ideas and opinions into an effective religious program for the university. The *Campuswide Chapel* program and "Alpha Omega Week," held in January were planned and organized under the auspices of ACRA.

## Methodist Student Movement

MSM, formerly known as Wesley Fellowship, is a member of the Ohio MSB, and with this organization, seeks to provide a better understanding of the Christian faith and its role today among all denominations. For two years, its members have helped in the supervision of two major projects: restoring the knowledge the student makes know and the study on life itself. A social service project sponsored by Wesley Methodist Church of South (1961).

## Aurora - Pre-Mortar Board Society

Mortar Board is a national honor society for senior women, is one of the highest goals of all outstanding college women in the United States. It is a society in that it demands of its chosen fellows a combination of outstanding characteristics rather than a single mark of achievement. The society selects each member on the basis of a high standard of scholarship, an unselfish spirit of service, and proven qualities of leadership. It is by demanding these high standards that Mortar Board Board to promote and develop a fine type of college women.

Aurora, Ohio Mortar Board Chapter, is currently working toward a national Mortar Board chapter. Having been founded only last year, the local society has just begun a seven-year trial toward the goal of which it may qualify for a national chapter. With this long range goal in mind, Aurora has demanded of each of its members the same high quality of scholarship, service, and leadership. For eventually each member of Aurora will wear the coveted Mortar Board pin.

## Pan Hellenic Council

The Panhellenic Council is the governing body of the five intercollegiate Greek organizations on our campus. It is composed of delegates from each sorority and the Delta of Women.

Recruiting, pledging, and retention of members is supervised by the Council. The organization also strives to maintain friendly inter-sorority relationships by further self-helping, to cooperate with the college administration and to act as a forum for discussion of problems affecting sorority life.

On occasion, the Panhellenic Council and the Interfraternity Council collaborate in order to establish more equitable policies in problems concerning both Greek men and women on our campus.

Alpha Omicron Pi's first year of active involvement proved to be very rewarding and helpful to our campus. Kappa Pi's local philanthropy has activated volunteer work at the library—sending Christmas packages to soldiers in Vietnam and assistance with Star Commemorative project at Van Wert. With the guidance of the outgoing chapter advisors headed by Mrs. Gerald West, Alpha Omicron Pi participates actively in Campus Chest May Day, and Homecoming. Highlights of this year's calendar included a craft workshop held early in November, the February Book Ball, various fraternity exchanges, and the organization of a house at 209 South Gilbert.

The Interfraternity Council of Ohio Northern University is composed of two members from each of the nine social fraternities. Each of the two representatives attends its vote on the council. The main purpose of this organization is to discuss and decide the broad problems and issues that are common to all. IFC strives for better cooperation with better conduct in a better Greek system. In this way harmony and cooperation are promoted within the entire fraternity system. The Interfraternity Council sponsors many activities such as Greek Week and the IFC Ball.

Being the only chapter of Kappa Psi that is social as well as professional, the K's sponsor a formal dinner each year to be held in November; dance in February, or March, a month-long ball in April, and in spring, Kappa Psi's most social event of the year, the spring "formal" is held at Indian Lake. There is also a spring picnic, and a post-football game gathering for the freshmen and the other for parents, complete K's a social calendar.

## Phi Kappa Theta

The Phi Kaps are involved in every College of the Siskiyew and participate in numerous campus activities, including team competitions in all nine-franchise sports. They participate in softball, basketball, volleyball and other sports while managing to place first in tennis, bowling, and high in most other sports. The Kaps also take part in May Day and Homecoming—winning the house decorations the Homecoming time out of the last four years.

Highlighting its social calendar this year was the FCT All Campus Open House, Winter Social (more commonly known as the Tuffie Dance), Spring formal, an annual Kaps Party with a variety theme (plodge games, theatrical ball, madcap), and other such dances and parties.

## ... from the editor

### Fellow students,

I sincerely hope that you have enjoyed your yearbook. It is a publication that took twelve people almost seven months to write, layout, and edit.

It is fitting indeed my desk now. It's Saturday morning and so I look around the room, green office. I can guess the gas pump on front right starts to pour through the window. Pictures and layout sheets are lying around almost ready to be put away until next year. If there's value in coming over the table, the coffee pot is warm, and the last management perhaps a shower ready to go to bed. I feel a lot of relief now, but a little regret that it's all over.

I have long now to provide and think back and realize what a wonderful staff I had. It's unbelievable how a handful of people—editors, writers—the ones many feel are constantly overlooking this thing of people gave of their time to work on what seemed to be another hour on the back. We were aware that I wouldn't meet your appreciation—that was our main concern. Yes, the staff was being praised and the money was really, but these words were small.

One person who never for things didn't for was my assistant editor, Janice Gilligan. Many times I'd come up to the office, the desk would be open and Janice would be hard at work. I'd

never forget that just on her face when I asked her to set up all the classes, it was a job and a half. Janice did them beautifully and at the same time worked on everything else that happened when things got and Janice was always there with a response, as to and a job. For those things, I'll always be grateful.

Another to be remembered for her work as my layout editor, Barbara Brown, who spent as much time as I did when there were many I love. She'd go to meetings and conferences all day long and work on the book at night. Barbara and me, for things and have really been the most of a page. Thanks, Mary, for a beautiful job.

Another assistant editor, Jan Kowalski had one of the most difficult jobs in the yearbook. Jan spent hours making pages believe and her finished product of every school and university. Jan was always willing to work and gave up her weekend afternoon to help out the layout. In the staff was surprised only by the grade she took when work.

One more to whom I'll always be indebted is Mr. Doug Bick, our layout editor. He didn't get out of every night until he showed us how to get back into these from my eyes and the office, patience, and experience were available to us, and I don't know what we would have thought without him.

What I was almost editor, I had one of my literary friends to be the copy editor. I heard many of things, particularly about this, but I couldn't have found a better man for the job than Jan Turek. When Jan did something that showed me in writing, my to do it well. Thanks Jan.

Another exceptional job was done by my sports editor, Terry Higgins, who designed what I feel is one of the most important sports sections that I have ever seen. The strong edition earned, worked hard and set us for pages as well as his plays, football—this is a job. Thanks Terry.

My second life editor, Gloria Korte, a 21" stack of flyers and several camera getting pictures typing, editing pictures, and doing more typing. I'll never forget her big grin and her words. Thanks for the work, Jan. Thanks for keeping us going, Gloria.

All year we had to keep the yearbook from a secret. It was hard, especially for Barbara Bick, our artist. I'd tell her and ask her enough to be in a museum but it was always ready the following day. I don't know how much did it and I'll always be thankful.

Eric Connor and Shirley Baker, not only editors, didn't think that there was a need to the name and page numbers but still they didn't complain. If they were tired of their work, they didn't say a word to me. Thanks you guys.

However, we wouldn't have made this to do a thing if I weren't for our photographer, Bill Thompson and John Turek. I got a lot of hours in taking, developing, and printing pictures. When things got a little overloaded, Jim Kyle, Jan Speer, Terry Muehl, and Don Reynolds had a hand.

There were many others who helped in small ways on Monday, Tuesday, and Wednesday last at the final jobs that got the book over done. How can I say thanks to those who did the small jobs and especially to my staff who did the hard work. Thanks would not be enough for what they did, they made the book.

On Saturday morning now and the last batch of copy is packed and ready to go. It was an experience I'll never forget. I hope that you will see me in finishing book at my Alma Mater. I'll remember them through the book in my own special way. I'm sure it will help you remember the school for years.

Sincerely,

*Gloria*
